

Sustainable Development Goals- SDG -2030

(Following Ways & Areas of DISA contributing in the Achievement of SDG in Bangladesh)

No	Sustainable Development Goals	Target of SDG	Goals Related work in DISA
1	No Poverty	End poverty in all its forms everywhere	DISA has started its micro-finance program since 1993 and the purposes of reducing poverty and empowering less privileged people through credit facilities. This program also ensures and supports different economic layer of those people with the various approaches that bring financial resilience, solvency and encourage them in income generating. DISA strongly believe in providing micro-finance to the poor people of the country is essential which has ultimate impact is alleviation of poverty of Bangladesh.
2	Zero Hunger	End hunger, achieve food security and improved nutrition and promote sustainable agriculture.	DISA's initial focus was on lending micro-credit to the poor and extreme poor households in the rural communities with a view to uplift their socio-economic status which is directly contributing to protect them from hunger as it is well known that poverty is closely related to hunger. DISA has also initiated innovate strategies and community level governance for effective service delivery in terms of Milk producing, processing and marketing quality products with nutritious value addition in cooperation and supports of rural community people in the name of Matribhumi Dairy Foods Limited (MDFL". Also DISA supporting poor people towards engaging in agro-based farming including cultivation of various crops and involve in small trade to the poor sections of the population at the grass root level for attaining sustainable agriculture development which encouraging sustainability and food security and contributes in the countries food production, infrastructure development and creating job places for both Male & Female.
3	Good Health and Well Being	Ensure healthy lives and promote well-being for all at all ages.	DISA's Health program and its objectives are to improve reproductive, maternal, neonatal and child health and nutritional status, reduce vulnerability to communicable diseases, combat non-communicable diseases, emergency medical care services. Giving emphasis to these areas, DISA has started health projects to support especially microcredit group members within the working areas of the organization. DISA has recently started operating a project in the name Assistance for Rohingya Refugees (ARR) to support Rohingya People in Cox's Bazar area. Under

			<p>this project, DISA provided various relief goods such as mosquito net, Blanket, water pot and water jar and also distributed some medicine and basic medical equipments among the Rohingya Refugees for their well-being & Good health. Also provided some Hand Mikes for helping the Registration process of Orphan Children at the Camps. All goods distributed through Army Administration, Bangladesh Red Crescent Society-BDRCS, Social Services Department with prior acknowledgement and permission of the DC Office in Cox's Bazar.</p>
4	Quality of Education	<p>Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.</p>	<p>Aloghar Knowledge and Information Center is an innovative initiative of DISA. Community people irrespective of sex, gender, age, geographic area come to the ALOGHAR for Reading Books, Sharing Knowledge, preparing for professional career, newspaper reading, research work, Job searching through internet facilities, lending books etc. Aloghar also provide Education Scholarship to the students for helping their sustainable education and to be a responsible citizens of our country.</p> <p>Aloghar Prokashona is an another creative and innovative initiative of DISA. DISA publishes books, journals and do research which help people for lifelong learning, enhancement of knowledge, gathering of intellectual persons of the country, established & Supporting community based Libraries, organizing Mobile Books fair etc which ultimately spreads the light of education at the society in all over the country.</p> <p>Also DISA's DISA Academy provides training facilities to all staff and group members of MFP of DISA for their development in respect of professional skill, social skill, motivational skill, ethical & moral development skill, Behavioral skill, leading healthy life with peace and happiness which ultimately help the people in living peaceful life .</p>
5	Gender Equality	<p>Achieve gender equality and empower all women and girls.</p>	<p>DISA initiated the Technical Education Institute in the name "DISA Technical Training Institute (DTTI)" what has been started in 2012. DTTI has EIIN number and has become affiliated with Bangladesh Technical Education Board in 2013. DISA has initiated this institute with a view to produce technically skill human resources who can be employed by employer and can be self employed at home and abroad. There is a special attention given is Gender equality in terms of students admission i.e. male & female both are equally treated to be admitted at DTTI where they are being trained on technical skill on short & one year long courses like Garments Machinerics Training, Sewing & Tailoring</p>

			<p>Training, Basic Computer Training, Graphics Designing, Online Outsourcing, Motorcycle Repairing & Servicing, Re-freezeration & Air-conditioning, Electric & Electronics, ICT etc.</p> <p>Also DISA's Aloghar program given emphasis equally to male & female for availing services for community people which meant ensured gender equality though this program. Also gender equality has been given more focused in formation of Green team at the Urban & Rural areas to empower adolescents boys & girls who can grown up as good citizens of the country.</p> <p>Even in some programs, women have been given more priority to empower them as a productive citizen who can contribute in the development of their personal & national wellbeing in terms of socio-economic development including dignity & honor. Few of the very focused programs of DISA's are "Matribhumi Fashion", "Dairy & Livestock Development program", "Microcredit program" etc.</p>
6	Clean water and Sanitation	By 2030, achieve universal and equitable access to safe and affordable drinking water for all.	DISA's Health Program gives various services to the rural & City people by the Shasthya Sokhi (Health Volunteer) who work voluntary based to aware people on health, nutrition, family planning, motivate to install tube-wells and sanitary latrines, Arsenic, drink water from green color tube-wells if available and giving massage not to drink water from red color tube-well. DISA also providing some health supports directly to the people in Rural & Urban areas
7	Affordable and Clean energy	Ensure access to affordable, reliable, sustainable and modern energy for all.	DISA has no specific programs/ activities relating to this area of SDG.
8	Decent work and Economic growth	Promote sustained Inclusive & sustainable economic growth, full and productive employment and decent work for all.	DISA's DIST (DISA Institute of Science and Technology) is a decent program that takes some initiative to make skilled human resources by providing technical education to both male & female where safety issues at work place including fair working environment issues taken into consideration as part of whole training course which ultimately contribute in the promotion of sustainable & decent work for all. Having training courses from DIST, students both male & Female will become skilled human resources with empowerments who can be self employed and be employed by employers as productive employment at home and abroad which will gear up sustainable economic growth to be contributed in the national economy. DIST giving priority to under privileged, less

			<p>educated uneducated, unemployed, un-served, dropped out from education and people with disability/victims with survivors poor family. For the purpose of full filling the country's requirement of technically skill human resources, DIST arranged some courses Garments Machineries Training, Sewing & Tailoring Training, Basic Computer Training, Graphics Designing, Online Outsourcing, Motorcycle Repairing & Servicing, Re-freezeration & Air-conditioning, Electric & Electronics, ICT etc. Also DIST is helping in job placement of trained students to make sure their job with decent work environment.</p>
9	Industry, Innovation and Infrastructure	Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation.	<p>DISA's DLDP (Dairy and Livestock Development Project) has been started in Comilla district with a dairy farm for the benefit of the milk producers & Micro Credit group members in Rural areas as well as to improve the socio-economic condition of the community people. Now DISA is running Sweetmeat Factory as something innovative industrial movement in the dairy sector. DISA has also a plan to start an environment friendly Milk industry in this year where Milk processing plant will be established where industrial infrastructures with will promote inclusive and sustainable industrialization in our country that will create job placement and to contribute in national economy.</p>
10	Reduce Inequality	Reduce income inequality within and among the countries.	<p>DISA's micro-finance program creates opportunity and help Village level women who are directly involved in income generating activities as well as being trained on agro based-farming, running small business, become small entrepreneurs which really supporting them in reducing all forms of their income discrimination among the communities people and being empowered and economically solvent. This program helps them to make women associations & strength capacity of poor community. They also can share ideas, suggestions on good practices relating to savings generation, knowledge building, enterprise development, social skill building, Family development plan etc for ensuring their standard livelihood and assist them in socio-economic development towards living with happiness, dignity & honor at the community.</p>
11	Sustainable cities and Communities	Make cities and human settlements inclusive, safe, resilient and sustainable.	<p>DISA started Urban Microcredit programs with health supports and educational supports to the city community people for their socio-economic condition. Also concern people are being aware on other social, behavioral, wellbeing of city areas, personal health & hygiene etc which really contributing in the safe & peaceful society towards sustainable development.</p>

12	Responsible consumption and production	By 2030, achieve the sustainable management and efficient use of natural resources	All staff & Members are being aware on proper use of natural resources like GAS for cooking not be miss used by any.
13	Climate action	Take urgent action to combat climate change and its impacts by regulating emissions and promoting development in renewable energy.	DISA has been working in partnership with OXFAM GB since 2006 in co-operation with an organization “karmajibi Nari” on the issue of Climate change & Agricultural Development. DISA is running events for awareness raising on the effects and the responsibility of the community people for being saved from the drastic impact of the climate changes as it was an extremely growing threat for not only Bangladesh but also for the whole world community. DISA also has a Nursery and encouraging tree plantation movement though the adolescents group (as GREEN TEAM) based at education institutions in rural and urban areas which ultimately contributing reducing negative impact of climate changes.
14	Life below Water	Conserve and sustainably use the oceans, seas and marine resources for sustainable development.	DISA has no specific programs/ activities relating to this area of SDG.
15	Life on Land	Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification and halt and reverse land degradation and halt biodiversity loss.	DISA has no specific programs/ activities relating to this area of SDG.
16	Peace, justice and strong institution	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.	DISA’s commissioned number of projects name “Let Children Speak (LCS)”, Child Abuse Prevention & Protection-CAPP, Counter Trafficking Interventions-CTI, Peace & Conflict Resolutions etc where focused working on Right based approaches towards child rights establishment, Adolescents empowerments, relevant Law reforming, Policy formulation, National Education Curriculum reforming, Street & Working children’s rights establishment, Psychosocial & Legal support structure initiating for victimized women & Children at local, national and regional level which have really contributed in promoting peaceful & inclusive society for sustainable development and provided access to justice and psychosocial services as well as making accountable to the relevant organs in private & public level. Now DISA’s Green Team i.e. Adolescents Team in

			Rural & Urban areas also working on peaceful & sustainable society development as they doing activities on raising awareness on bed impact of Early Marriage, Dowry, child rights, access to service at the community, leadership building, peaceful society building and other social development issues.
17	Partnership for the goals	Strengthen the means of implementation and revitalize the global partnership for sustainable development.	DISA's all contributions in the SDG implementation in our country have been made possible by having partnership with some local, National and international level organizations and individuals who provided supports in terms of financial and technical means to be implemented all programs, projects of DISA. Some national organizations & Govt. parts like PKSF, BRAC, Education Ministry, Law Ministry, Home Ministry, Women & Children Affair's Ministry, Social Services Department, Bangladesh Bank, other public & Private Banks, CDF, NGO Forum, AID Comilla, UCEP Bangladesh etc. Also some international organizations & UN body like World Bank Dhaka, Save the Children, HELPING HUT USA, STROMME Foundation, HELVETAS Swiss Inter-cooperation, Onuron Foundation Canada, IOM, OXFAM GB etc for helping in achieving Sustainable Development Goals. .
